<b>Detailed Info</b>				
<p>Rustem Berisha - Commander 138 UCK Bde. Berisha is 6' 2", fit looking and well built. He is in his early to mid 30's, has brown hair and wears UK pattern combat clothing without UCK patches. He stated that a UK general gave him a set of Combat 95 as a gift. Berisha comes across as a very genuine and dedicated individual, confident of his position and he had an air of authority. He did not speak any English, but said that he understood a little. He firmly believes that he was and is fighting for a cause. Berisha was the commander at Kosare when allied aircraft bombed it. Berisha said that he had been in the JNA and had also fought with the Croatian Army before returning to Kosovo to join the UCK. It is suspected that Berisha has connections with the FARK and has the Delta Force within his Brigade.</p>

<p>2. The following statements were made by Ramiz QERIQI 'The Lion' during a meeting on 24 and 27 Aug 99.</p>				
<p>a. Lion stated that the parade at KLECKA had been disappointing, particularly as the high ranking guests confirmed his suspicions that the FARK now had a firm foot hold with UCK HQ</p>				
<p>b. Lion stated that 121 Bde had connections with the MRP and especially Rexhep SELIMI.</p>				
<p>c. It was stated that the following JIC Card holders currently serving in the UCK are members of FARK</p>

<p>MNB W 212230BOCT99. PROBABLE BOMB ATTACK AGAINST AN ORTHODOX CHURCH IN PRISTINA. FURTHER INFORMATION. (SEE INTREP 130 21/10/99)</p>				
<p>The operation carried out by MNB-W units in order to verify what reported by a reliable source on 212230BOCT99, gave result as follows:</p>				
<p>1. It has been found 12 a/t mines (6 explosive kilos each), one RPG 7 and 11 detonators in JUNIK AA (dn 4103). The material was stored inside a closed building. No KPC member that was present declared his responsibility for the building, So MNB-W team had to enter through a window. In any case, Mr RUSTEM BERISHA (Commander of Former 138th Uck Brigade) was present.</p>				
<p>2. It results that Mr Berisha was the "COBRA" BG Commander during the recent conflict, and 20 well-trained members composed it.</p>				
<p>3. The analysis of the material showed that a bomb attack should be organized using that explosive.</p>				
<p>4. In Pristina exists an Orthodox Church (as described by the source), that has just bomb attacked on 01/08/99.</p>				
<p>COMMENT it is evident that the information gave by the source was complete and true and that the threat has not to be considered ended because no guilty was determined. EOD</p>
